- 2) Our proficiency goal is moving to be in Intermediate 3 – Look at Intermediate 3 – what might be a ‘goal’ for this first unit – what is something that you can make a focused effort to work on (and why?)
- 3) Our tasks are divided into three types - Interpretive, Presentational and Interpersonal - which type of tasks are your strength and why? What type is your ‘challenge’ and why?
- 4) Look at the evaluation section on page 2 and in your OWN WORDS how would you explain the difference between "meeting" and "fully meeting"
- 5) Why might an ‘exceeding’ have more ‘errors’ than a ‘fully meeting’?
- 6) Have a look at the skills that language study develops. Given what you want to do in the future - what are 2 skill areas important for this - and why are they important?
- 7) What ‘works’ for you in learning Japanese? What kind of activity? What kind of learning? What resources online work for you?
