

You are meeting your friend Hiromi at the zoo. They will arrive at the station and do not have a data plan that allows for GPS! Write the note for them to follow. Hiromi gets distracted very easily – so you must keep them moving to the destination. You should include lots of ‘hints’ to help them see where they are. Please include a reason why you are meeting there.

I am looking for Grade 11 level sentences – things like ...joined sentences, “after”, “when/if”, reasons, please do/don’t, must, opinions, complexity and details.
